Exceedingly brief guidance notes for adding shelfmarks to Bibliographical and Holding records.

1.) Enter the Bib. (i.e. Bibliographical) record. Hopefully, a Bib. record number will be provided on a slip of paper inserted within the item.

e.g. Bib. = 682271 (From the Voyager catalogue menu, click 'Record', go to 'Retrieve by record id', then click 'Bibliographic...', then enter the Bib. no.)

(Please note that this just one of many ways of entering or finding a Bibliographic record. Also, you can enter the Holding record directly by choosing 'Holding...')

If the Bib. record has a 561 tag, this ***might*** need updating with a shelfmark. (Hopefully, this also should be noted on the paper slip inserted into the item)

e.g. 561 **## $a Donated by a very kind person. $5 (StEdU : < >).**

= blank (i.e. the first and second indicators should be blank).

Where you see the angled brackets '< >', remove these and add the shelfmark (e.g. if the shelfmark is SD 1175)

e.g. 561 **## $a Donated by a very kind person. $5 (StEdU : SD 1175).**

Please take careful note of the above punctuation.

Save the Bib. record by clicking the nice pink-boatie-button, then click 'Continue' for what is called Authority validation.

2.) Enter the Holding record by clicking the Holdings button on the menu.

This should take you immediately the Holding record if there is only one Holding. If there are more than one Holding, then click on the correct Holding record from the drop-down menu (the Hol. no. should be indicated on the same paper slip).

Once in the Holding record, now update the record by inserting the shelfmark into the 852 tag.

e.g. **852 8 # $b MAIN-SPC $h < >**

Remove the angled brackets '<>' and insert the shelfmark.

852 8# $b MAIN-SPC $h SD 1175

Save the Holding record by clicking the pink-boatie-button again.

Leave the Holding and Bib. record by simply closing the windows.
